Application for Registration as a Psychological Associate

This document, when completed and submitted by you, is relied upon by the Board in deciding upon your application for registration. Please follow all instructions and complete this document carefully and accurately. If you become registered this document will form part of your permanent record at the Board. Please read the application form in its entirety before starting to complete it.

Applicants are solely responsible to ensure that all application documents are delivered to the Board. The Board accepts no responsibility for delays in receipt of application materials. Applicants are encouraged to submit all application documents by registered mail or courier (faxed material will not be accepted).

BOX 1

Applicant name: _____

Date of Application:

PLEASE RETURN COMPLETED: 1. Application Form 2. Application Fee of \$575.00 (CDN) 3. Curriculum Vitae

TO:

peiprb@gmail.com

E-transfer application fee to the email address above. Alternatively, mail to: PEI Psychologists Registration Board PO Box 461, Charlottetown, PE C1A 7L1

Please note that before an application for registration will be processed, the Board must be in receipt of all necessary documentation including all required professional and academic records and references. Applicants have 24 months from the date of application (see Box 1) to complete all necessary steps for registration. An application for registration will automatically expire 24 months after the date of the application. Documents received by the Board where there is no application on file will be kept for one year.

Application for Registration

A. DEMOGRAPHIC INFORMATION

1.	Full Name of Applicant:			
	Former legal names used, if any:			
2.	Date of birth:			
3.	How do you identify your gender?			
4.	Place of birth City:		Province/State:	
	Country:		-	
5.	Are you legally entitled to work in Canada?	YES	NO If no, please explain:	

B. OFFICIAL CONTACT INFORMATION AND RECORD LOCATION

Please provide all information requested below. If there are changes to any of this information, you are required to inform the board within 30 days of the change so that we may amend the Register.

6. Practice records are any records that relate to your provision of psychological services including notes, reports, invoices, tests and test results, test protocols, interview notes, correspondence, and any other documents, and includes information that is stored on computer or tapes. If you are accepted for Registration, the Board will require the following information. The Board is primarily concerned about those records over which you have power and control and which you consider to be the records of your psychology practice.

My practice records are kept and/or stored at the following location(s):

K. AREA OF PRACTICE

44. Please indicate by checking off one of the boxes below your principal area of practice in psychology, in which you will be prepared to demonstrate competence in the eventual oral examination for registration as a psychologist. The Research Academic area is for those applicants who teach only. Please note that those identifying clinical as an area of practice will be expected to demonstrate competence in formulating and communicating a diagnosis in the oral examination.

Clinical Psychology

Clinical psychology is the application of knowledge about human behaviour and culture to the assessment, diagnosis, prevention, and/or treatment of individuals with_disorders of behaviour, emotions and/or thought, to counselling and consultation with couples, families, and groups, and to the enhancement of psychological and physical well-being.

Clinical Neuropsychology

Clinical neuropsychology is the application of knowledge about brain-behaviour relationships to the assessment, diagnosis, treatment, and rehabilitation of individuals with known or suspected central nervous system dysfunction, neurological disorders, traumatic brain injury, and learning difficulties.

Counselling Psychology

Counselling psychology is the application of psychological knowledge to the assessment, prevention, and treatment of individuals, couples, families, and groups in order to help people adjust to problematic events and accomplish life tasks within the major spheres of work, education, relationships, and family during the lifespan developmental process.

Forensic/Correctional Psychology

Forensic/correctional psychology is the application of knowledge about human behaviour to the understanding, assessment, diagnosis, and/or treatment of individuals within the context of criminal and/or legal matters.

Health Psychology

Health psychology is the application of psychological knowledge and skills to the promotion and maintenance of health, the prevention and treatment of illness, helping individuals, couples, families, and groups cope with physical illness, and the identification of determinants of health and illness.

Industrial/Organizational Psychology

Industrial/organizational psychology is the field of psychological practice and research that aims to further the welfare of people and the effectiveness of organizations by understanding the behaviour of individuals and organizations in the workplace, helping individuals pursue meaningful and enriching work, and assisting organizations in the effective management of their human resources.

Rehabilitation Psychology

Rehabilitation psychology is the application of psychological knowledge and skills to the assessment and treatment of individuals, couples, families, and groups, with impairments in their physical, emotional, cognitive, social, or occupational capacities as a result of injury, illness or trauma in order to promote maximum functioning and minimize disability.

Research/Academic Psychology

Research/academic psychology is the field of psychology that aims to expand and disseminate psychological knowledge through scientific inquiry, examination, investigation, and/or experimentation.

School Psychology

School psychology is the application of knowledge about human behaviour and development to the understanding and assessment of the developmental, social, emotional and learning needs of children, adolescents, and adults; to the protection, promotion, and creation of learning environments that facilitate learning and mental health.
